

## REP/JEP2 Series

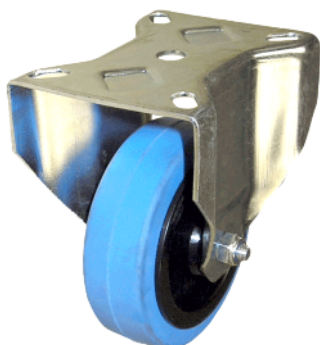

A ruggedly engineered superior quality range of medium duty pressed steel, zinc plated castors. Top plate fixings are industry standard so will be suitable for replacement parts or new projects. Non marking blue elastic rubber tyres make these ideal for use on compacted surfaces such as cement, stone tile, metallic and epoxy resin flooring. High quality total stop brakes on all sizes mean wheels and swivel heads are locked making these a firm platform when brakes applied. Load capacities up to 400Kg.

### Top Plate fit Swivel

Wheel Dia. (mm)	Tread Width (mm)	Overall Height (mm)	Load Cap. (kg)	Bearing Type	Fitting Dimensions			Part Number
					Top Plate (mm)	Fixing Centres (mm)	Fitting bolts (mm)	
100	34	132	150	Roller	100 x 85	80 x 60	8	<b>MS100REP12</b>
125	40	157	250	Roller	100 x 85	80 x 60	8	<b>MS125REP12</b>
160	50	197	300	Ball Journal	140 x 110	105 x 80	10	<b>MS160JEP12</b>
200	50	237	400	Ball Journal	140 x 110	105 x 80	10	<b>MS200JEP12</b>
